

I have lived in **Munglinup** for 31 years and have been married to Gavin for 29 years. We have 2 daughters (26, teacher; 23, registered nurse). We run a farming business in Munglinup.

I was raised on our family farm at **Mt Madden**, north of **Ravensthorpe**. I went to school in Ravensthorpe, boarding school in Albany then completed my studies in Agriculture before returning to my origins.

My grandparents, who also lived on the family farm, eventually moved to Ravensthorpe and then retired to **Hopetoun**. We still visit Hopetoun often, enjoying a relaxing break when we can. My parents retired and sold the farm.

Country life and small communities are one of my passions, I've been involved in many groups and committees. I've played most sports possible; I volunteer for ambulance and Secretary for Munglinup Community Group.

I work at both Munglinup and **Jerdacuttup** Schools and drive Jerdacuttup school bus. I help manage our farm business. I've held positions for the Australian Electoral Commission, Western Australia Electoral Commission and Australia Bureau of Statistics so have a great understanding of the **Shire of Ravensthorpe** district.

Should I be elected, I'll dedicate my time and commitment to doing the best I can to be a great representative on council. I'll communicate and help liaise within the community.

I feel a great connection to the area and would love to give back to the Shire of Ravensthorpe on a broader scale; I'm willing to be your open-minded councillor with no hidden agenda. I'll promote good roads, health, sport, youth activities, tourism, community infrastructure and emergency services.

I'm confident I can represent you, our ratepayers, residents and business owners. I have great people skills and am very approachable, nor am I afraid to speak out.

Honesty, respect for others, using good manners and getting in amongst it are how I believe life should be conducted.

Address: 12033 South Coast Highway, Munglinup WA 6450
